

# Transparent Flower Packaging Film

## JIG 30 $\mu$ m

### Technical Data

#### Structure

#### Description

Transparent, hot-cuttable BOPP film with low static, minimal crystal defects, and enhanced adhesion via robust inner-side corona treatment. Engineered for superior easy-opening performance in flexible packaging applications.

#### Application

Designed for superior easy-opening performance in flexible packaging applications. Also, Used for transparent flower packaging, this film enhances freshness retention and supports simple printing applications.
